## \$13.1 Billion Viet Fund Due Senate's OK

**Frustration Hinted At Polls If Peace Talks Fail To Come**

WASHINGTON (AP) — The Senate is expected to give overwhelming approval today to a \$13.1-billion Viet Nam war chest — after a warning that Americans may show their frustration at the polls if the Communists aren't forced to the peace table soon.

The blunt election-year warning came Monday from Sen. Richard B. Russell, chairman of the Armed Services Committee and one of President Johnson's strongest supporters on Capitol Hill.

Declaring that "the American people will not tolerate indefinitely the kind of war we are waging there," Russell urged harder blows at the North Vietnamese, including the closing of the port of Haiphong.

Russell indicated he had expressed these views to President Johnson. The Georgia Democrat said he saw little danger of the Chinese marching into the conflict "as long as we do not land forces near the China border." In any case, he said, "we will be compelled to take a calculated risk to bring this war to a close."

Russell gave his views as the Senate opened debate on the \$13.1-billion supplemental appropriation with Sen. Joseph S. Clark, D-Pa., urging the United States to end the war by negotiating with the Viet Cong.

The appropriation bill was sought by President Johnson to provide U.S. forces with a bigger arsenal of men, money and firepower to carry on operations in Southeast Asia.

Senate leaders had hoped to complete action on the measure Monday but put off a vote until today after Clark urged that more time was needed for speeches.

As for the Viet Cong, Russell said he had concluded "we should push this war until the North Vietnamese would at least be willing to permit their alter egos or Charlie McCarthys, or whatever they are, to join them at the conference table and bring this war to a conclusion."

Drumming at the political situation, Russell expressed belief that "it is going to be necessary to have a change in policy in some direction in the very near future."

## Chamber Unit Pushes Cleanup Drive Plans

Plans for a wide-ranging spring cleanup campaign were advanced Monday noon at a meeting of the civic and community affairs committee of the Chamber of Commerce.

The committee made plans to send letters to all East Liverpool organizations seeking their cooperation. The drive will begin in May when the city government opens its annual spring cleanup of refuse for households.

Arthur Doak, chairman, presided. The next meeting will be April 11.

## Blast Trucking, Shipping

## U.S. Jets Strike Targets In North

SAIGON, South Viet Nam (AP) — U.S. jet pilots reported today they struck heavy blows at trucking and shipping in North Viet Nam, blasting more than half of a 50-vehicle convoy in a mountain pass and sinking or damaging five gunboats.

Marine spokesmen reported that the Leathernecks killed at least 205 Communists in expanding ground operations in South Viet Nam's northern provinces. But 10 Leathernecks were killed in the crash of a Marine helicopter, and an A4 Skyhawk crashed on a bombing run in support of the Marines. The pilot was rescued.

As the weather cleared over North Viet Nam, U.S. spokesmen said they were highly pleased with the results of Monday's raids by Air Force and Navy fighter-bombers. However, the successes cost the Air Force a needle-nosed RF101 Voodoo reconnaissance jet which was shot down northeast of Vinh. The pilot was listed as missing.

The Viet Cong gave another demonstration of their guerrilla tactics, hitting the airport at DaLat before dawn and damaging a number of planes. Two platoons of about 50 Reds penetrated the airport grounds after a mortar barrage.

On the political front, Buddhist students in Da Nang and Hue demonstrated peacefully against the government of Premier Nguyen Cao Ky. In Saigon, Thich Tam Chau, a leader of the Buddhist political movement, personally halted a student demonstration although the National Buddhist Institute he heads issued a communique making clear it is unhappy with Ky.

A flight of Air Force F105 Thunderchiefs spotted the truck

convoy parked near the Muga Pass 60 miles south of Vinh in the North Vietnamese panhandle. Flying through heavy flak, the jet pilots said they destroyed or damaged 27 trucks in three passes and knocked out 14 anti-aircraft guns.

Navy pilots from the carriers Ranger and Enterprise hit 59 targets and reported they destroyed or damaged five gunboats 46 miles north of Dong Hoi, three junks 37 miles south of Vinh and two bridges and a ferry crossing astride a route linking with the Ho Chi Minh Trail.

In the South, Navy and Air Force planes pounded what was described by intelligence sources as a Viet Cong rest area 75 miles northeast of Saigon. Air spotters said 60 Viet Cong were killed and an automatic-weapons site, a small bridge and a number of buildings were destroyed.

A wounded captive who identified himself as a North Vietnamese lieutenant told American newsmen in Saigon: "Your fire power is too big for us."

The prisoner, Dao Van Giang, 39, said he decided to surrender and was picked up by an American helicopter which brought him to a medical aid station during the U.S. 1st Cavalry, Airmobile, Division's recent campaign around Bong Son.

He said the North Vietnamese troops and Viet Cong "are fighting fiercely but there is too much American power. We cannot match it. The raids in the North are killing the railroads and other communications."

A Marine spokesman said 117 Viet Cong were killed by ground fire and another 32 by air strikes as the Marines moved 12 miles northwest of Quang Ngai City.

## Arson Expert Studies Blaze At Salineville

**Spurs Questioning Into Flames Which Sweep Village Hall**

SALINEVILLE — A state arson expert today continued investigation of the \$25,000 fire which destroyed the Village Hall Saturday night.

The apparently unauthorized entering of a second floor music studio — where the flames were first spotted — was seen as a key to the cause of the blaze.

Michael J. Melillo of Youngstown, arson investigator for the Ohio fire marshal's office, visited the site Monday and questioned a number of witnesses.

He was scheduled to confer today or Wednesday with Special Officer Gordon Sweeney, who was on duty Saturday night when flames swept the three-story brick structure.

Village offices and the studio of Miss Myrtle Strabley on the second floor, the apartment of Police Chief and Mrs. Ray Keister on the third floor and the rooms of the Salineville Historical Society on the first floor were destroyed.

Sweeney reportedly was summoned to the hall just prior to the fire by King Wooley, foster son of the Keisters, who said he had heard noises on the second floor. The Keisters were not at home and the youth was with the two sons of the police chief.

Miss Strabley had left her music studio in the afternoon and said the door to the studio was locked.

When Sweeney checked the studio, he found the door ajar with the lock still set, the door frame undamaged, but various items, including some toy kites

## Beaver Man Charged With Holdup Of Bank

PITTSBURGH (AP)—A Beaver County man has been charged by the FBI with bank robbery in the \$3,770 holdup of a bank branch in Harmony Twp. near Ambridge last Wednesday.

The FBI said Monday that George Vignovich, 28, of Conway was the third man charged in the holdup of the Duss Avenue branch of the Mellon National Bank and Trust Co.

About \$3,150 of the total \$3,770 has been recovered, the FBI said.

## One More Day To Register

To be eligible to vote in East Liverpool at the May 3 primary election, you must register with the County Election Board at 129 W. 6th St. if:

You haven't voted at a primary, general or special election in the last two years; you've changed your name by marriage or court action; you've changed your residence since the last election; you've become 21 since the last election or will be 21 on or before Nov. 8, the general election date.

A new resident is qualified to vote after he has resided in Ohio for a year and in Columbiana County and his precinct 40 days prior to Election Day. East Liverpool is the only community in the county where voter registration is required.

**Registration Ends March 23**

## 3 Selected First Apollo Astronauts

**Grissom Will Be Commander; White And Chaffee Picked**

SPACE CENTER, Houston, Tex. (AP)—One of the United States' original astronauts, Virgil I. Grissom, almost drowned in 1961 when his Mercury capsule sank after he became the second American to rocket into space.

About four years later, he took his second space ride — the first man to do so — as command pilot on the maiden mission of the two-man Gemini program.

Now, he is back again, to launch another project. The short, crewcut Air Force lieutenant colonel will be commander aboard the nation's first three-man spaceship, an Apollo craft like one designed to carry men to the moon.

Grissom, Air Force Lt. Col. Edward H. White II and Navy Lt. Roger B. Chaffee were named Monday to take an Apollo spacecraft on a shakedown cruise of up to 14 days in earth orbit.

The flight will be the first of at least four manned Apollo flights planned before the United States attempts to shoot three men to the moon before 1970, perhaps by late 1968.

The space triplets are officially slated to take the first flight in early 1967, but if all goes well in training and spacecraft preparation for the mission, it could be launched as early as November.

Their mission might be sort of a ringing out the old, and ringing in the new in the staging a space rendezvous between the Apollo ship and the last two-man Gemini spacecraft, currently Gemini 12.

## Congressman Cut, Robbed By Intruder

WASHINGTON (AP) — A masked bandit attacked Rep. James C. Cleveland in his Capitol Hill office Monday night and robbed him of \$40. The congressman suffered a minor cut during a struggle with the knife-wielding intruder.

Police said Cleveland, a New Hampshire Republican, was working alone in his fifth-floor office suite in the Longworth House Office Building across the street from the Capitol when the robber burst in, threatened him with a knife and took the money.

In an interview a few hours later, Cleveland said, "I feel all right now."

## For School System

## Board Approves Appropriations Of \$2,800,802

The "big business" of school operations is nearing the \$3 million mark yearly, the Board of Education learned Monday night in approving appropriations for this year totaling \$2,800,802, including \$2,118,319 for general operating costs.

The appropriations represent an over-all increase of \$432,130 over the 1965 figure of \$2,368,671, with the general fund accounting for \$203,680. Appropriations for the general fund last year totaled \$1,914,638.

Samuel W. Brown, chairman of the board's finance committee, said the appropriations "are the least we can get by on" in recommending approval, which was unanimous.

ALTHOUGH NO salary increases are provided for, the major boost in the general fund is an increase of \$162,717 in the salary account, which Brown said primarily was because of yearly increments due teachers.

The general fund also lists \$286,927 for various costs which will be deducted from state

foundation funds and tax settlements before payment to the board. It includes deductions for the board's share of retirement payments for teachers and other personnel, fees for the county auditor and treasurer, election expenses and workmen's compensation.

The miscellaneous expenses are up \$75,833 over 1965 because of increases in retirement payments and \$26,605 to the State Board of Education representing a year's payment of 0.5 of a mill on a \$900,958 loan for the building program.

The chief increase in the other accounts is in the bond retirement fund, which shows \$265,000 to retire bonds maturing this year and \$146,943 in interest. Last year, \$120,000 worth of bonds were retired and interest payments totaled \$151,725. This is the first year to retire bonds issued for the new building program, although the interest total last year included interest on the new issue. In ad-

## Hancock Board Sets New Budget

A tentative 1966-67 budget of \$5,269,868 and tax rates in the various real estate classes were approved by the Hancock County Board of Education during a meeting Monday night at the board offices in New Cumberland.

The new budget compares with \$5,085,800.32 for the current term.

The board levied the maximum rate of 45.9 cents per \$100 for Class I property, 91.8 cents for Class II and \$1.836 for Class III and Class IV.

The school yield from the Hancock County assessment will amount to \$2,640,141, which includes a 5 per cent allowance for delinquencies. This

amount, plus state aid received, will make up the budget.

THE ESTIMATED 1966-67 expenditures compare with the current year's as follows:

Administration, \$91,500, up \$9,098.20; instruction, \$3,509,380, up \$325,785.30 (includes 1965 state salary increases for teachers); attendance services \$7,500, up \$2,000; health services, \$12,800, up \$165; pupil transportation services, \$247,709, up \$24,198.60; operation of plant, \$334,150, up \$23,000; maintenance of plant, \$202,000, up \$10,000; fixed charges, \$221,500, up \$88,000; food services, \$11,100 same;

## By 4-To-3 Board Vote

## Kuzma Selected Principal For Midland High School

Hank Kuzma, who has an outstanding record as a basketball coach, was named principal of Midland's Lincoln High School by a 4-3 vote during Monday night's Board of Education meeting.

He will replace William A. Walters, who will retire at the end of the present school term.

Following a controversial discussion, votes for Kuzma were cast by Edward Cilli, Maurice Newman, John Uccellini and James Cerasi. Voting against the appointment were John Shovlin, Michael Raich and Lester Roach.

After Cilli had recommended Kuzma for the position, Shovlin was the first to question the validity of the appointment, pointing out the job had not been open for applications. "In fact,

## Pay Brings Big Portion Of Increase

**Figure Represents \$121,747 Boost Over Total In '65**

Council gave approval Monday night to the annual appropriation ordinance providing \$1,766,182 for all municipal purposes in 1966, an increase of \$121,747 from the \$1,644,435 allocated in 1965.

General wage and salary increases granted in mid-1965, and showing up in the fiscal measure for the first time for a full year, account for the bulk of the increase over last year.

Councilman Robert W. Sample, head of the finance committee, estimated the raises and fringe benefits account for at least \$75,000 of the increase.

A general hike was voted for virtually every appointive employee in the middle of last year. Later, increases were given to a few overlooked in the first measure and longevity pay was granted many municipal employees, including members of the fire and police departments.

THE APPROPRIATION provides funds for several new pieces of rolling stock. Some of the major items are:

A \$5,000 allocation for two police cruisers, one to be purchased shortly and another to be acquired in the fall.

A \$2,000 appropriation to buy a new fire chief's car, replacing a 1959 model station wagon which is deadlined.

A \$5,000 item for further repairs on the interior of City Hall, including replacement of damaged plaster on the rear stairwell and renovation of the tile floor of the Council chamber.

A \$3,000 allocation for a new truck for the water department.

A \$2,000 item to purchase a new half-ton truck for the incinerator department.

A \$2,500 appropriation for purchase of a snow-blower for use in storm cleanups.

A \$15,000 allocation to allow purchase of a new street sweeper, replacing a worn-out model.

An \$11,000 fund to provide for purchase of a new high-lift for the street department.

A \$500 appropriation allowing purchase of a new machine for painting center lines on streets.

## Pittsburgher Becomes 15th Beaver Victim

A Pittsburgh man became Beaver County's 15th traffic fatality of 1966 early this morning when his car was struck by a truck at Ambridge.

Killed instantly was William G. Kidder Jr., 49, of 440 Division St., Pittsburgh. He was an employee at the Conway Railroad yards.

Kidder was stopped for a traffic light at 4th and Ohio River Blvd., Ambridge, at 6:30 when his car was struck from the rear by a truck driven by James E. Battles of 8121 Vine St. Coraopolis.

Battles was thrown from the cab of the truck and knocked unconscious. He was taken to Rochester General Hospital, treated and released later this morning.

The Beaver County coroner, Dr. John Colavincenzo, is investigating the accident.

### 3 Offers Pondered

## Board Receives Bids For Meters

Three offers to supply the city with 500 new parking meters—two on manual devices and one on the automatic type—were taken under consideration Monday afternoon by the Board of Control which also received offers to supply a used snow-blower for the street department and 50,000 gallons of road oil to lay dust on unimproved streets and alleys.

The Mi-Co Parking Meter Division of Hancock Industries, Inc., of Jackson, Mich., offered manual type meters at a net price of \$46 each.

**THE FIRM** listed the meter assemblies at \$59 each less \$13 per meter on a trade in of old devices. Twin adapters to permit two meters to be mounted on a single standard would cost \$4 each, it said.

The Rockwell Manufacturing Co. of Pittsburgh offered its Model K meters, which will accept tokens, at a net cost of \$101.50 for twin-mounted meters and \$49.75 for single heads.

The basic cost of the twin-mounted meters is \$118 each and it would allow \$16.50 on a trade in, the firm said. The price for the single meters is \$58 less \$8.26 per trade.

Rockwell said the price includes an assortment of spare parts and service tools, an "adequate supply" of mechanism and coin compartment keys, 10 mechanisms, 10 cases and a coin collection cart.

If the city requires a security type collection system, the net price would be increased \$3.50 per meter, it said.

The Koonz Equipment Corp., also of Pittsburgh, offered to supply Duncan Model 50 manual meters at \$50.50 each, Model 60 types are \$60.50 each, and Duncan Duplex meters at \$114.50 each.

The firm said it would allow \$10 on each single meter traded in and two single meters would be accepted for each Duplex.

Twin mounting yokes would cost \$4 each and a patented sealed collection system would boost the cost of the Model 60 meters by \$3.50 each.

**THE BOARD**, composed of Mayor George E. Willshaw and Safety-Service Director Robert E. Vodrey, voted to take the bids under consideration.

Vodrey indicated to Council Monday night the administration expects to use the so-called "excess revenue" plan to pay for the meters, rather than making a lump sum payment out of the city's general operating funds.

In the "excess revenue" plan, the supplier is paid installments representing the gain in meter revenue for each month. For instance, if the meters bring in \$5,000 in July 1966 and the revenue was \$4,000 in July 1965, the meter firm would be paid \$1,000.

Council had provided a \$25,000 appropriation a few weeks ago to cover the cost of the meters if they were purchased for cash. In approving the annual appropriation ordinance last night, Council returned the \$25,000 to the income tax fund.

Council approved legislation Feb. 21 authorizing the admin-

istration to seek bids on new meters and to trade in 500 which were termed "unfit for public use." It was designed primarily to permit replacement of more than 300 Dual Parking Meter Co. devices left from an original installation of 475 made in September 1947.

**NEW METERS** have been discussed off and on for about five years. The former administration of Merrill E. Hall opened bids on new meters twice, but rejected both sets of offers.

At that time, the enabling legislation permitted only consideration of automatic types. There is no limitation on the type the administration may purchase in the present legislation.

The Do-Mar Road Oil Co. owned by H. Wendell Cole of Lisbon and Allied Enterprises, Inc., of Canton submitted identical bids of 9 1/2 cents a gallon for 50,000 gallons of road oil. That would make the total price \$4,750.

The Canton firm also offered an asphaltic material meeting specifications at \$0.1285 cents per gallon.

Submitting bids to furnish a snow-blower were Our Co. of Salineville and Tenos Brothers of Pittsburgh.

Roy Brammer, owner of the Salineville firm, offered to supply a used Richard snow-blower cutting a 6 1/2-foot swath at a delivered cost of \$1,900.

The Pittsburgh firm submitted one bid on a demonstration model and two on new units.

**IT OFFERED** to furnish a used Snow-Flyer at a net cost of \$2,200. Optional equipment and prices would be a loading chute attachment, \$135; mechanical chute rotation system controlled by the operator, \$190; brackets for mounting to loader, \$150; cab-mounted throttle control, \$120; tachometer, \$100, and installation, \$100.

The Pittsburgh concern offered a new Snow-Flyer rotary plow at \$2,205 less a municipal discount of \$329.75 for a net price of \$1,875. The same optional equipment and prices would be in effect except for a \$20 reduction in the cab-mounted throttle control.

It also offered another new model at \$3,300 including the extra equipment.

# Council Gives Its Approval To Fund Plan

(Continued from Page 1)

sweeper, high - lift and paint machine would be purchased out of funds allocated from income tax revenues, the ordinance provides. A total of \$51,100 was appropriated for such miscellaneous purposes out of the tax revenue, including \$10,000 restored to the appropriation for Lisbon St. improvement.

**THE ORDINANCE** provides \$200,458 will be allocated out of income tax revenue to the general fund, from which the city meets many of its major day-to-day operating expenses. The allocation from tax revenues is up \$26,573 from 1965, when the general fund was given \$173,885.

The appropriation out of income tax revenues supplements the city's regular sources of income, including real estate and personal property taxes, a share of state sales tax, inheritance tax and other items.

The legislation provides \$175,500 for street department operations — the highest in many years. The 1965 appropriation for street purposes was \$137,715 or \$37,785 less.

The ordinance provides \$116,000 for street department payrolls, \$40,000 for materials and supplies and \$10,000 to pay for private equipment that was hired in January for removal of a 17-inch snowfall.

Sample said the allocation for materials and supplies includes sufficient funds for the city to continue this year with its annual low - cost surfacing program for residential streets. Money for the surfacing program was included in the annual appropriation, rather than being allocated later in supplemental legislation, he said.

In addition to the regular appropriation, the ordinance provides \$15,539 for the so-called state highway improvement fund. It represents 6 per cent of the total the city receives out of gasoline taxes and auto license revenues from the state — the only regular sources of financial support for the street department. Law requires every Ohio municipality to appropriate the 6 per cent fund and stipulates that it will be expended on maintenance and repair of state highways inside the corporate limits.

**IN ADDITION** to the \$200,458 given the general fund out of income tax receipts, \$33,452 was allocated to the street department from the same source.

The police department's appropriation for the current year is set at \$180,520, a boost of \$26,820 from the \$153,700 provided last year. The increase is accounted for primarily in the amounts allocated for payrolls — \$143,520 for this year, against \$127,900 in 1965.

The fire department appropriation for 1966 is set at \$193,580, an increase of \$22,915 from the \$170,665 provided in the preceding year. Fire department payrolls will cost \$171,280 this year, compared with \$151,260 in 1965.

The water department's allocation for 1966 is set at \$267,664, an increase of \$25,399 from the \$242,265 provided last year. The same picture is true as in

the fire and police departments — increased payroll costs account primarily for the larger allocation.

For instance, office salaries will cost \$22,000 in 1966, compared with \$20,330 in 1965. In the supply branch, payrolls will take \$5,400, against \$4,850 in 1965. Filtration operation employees will be paid \$29,000 this year, compared with \$26,000 in 1965. Pumping employees will draw \$21,500, compared with \$19,400. Payrolls in the distribution department will cost \$48,000, against \$43,400 in 1965.

The incinerator department was allocated \$119,366 for 1966, down just \$434 from the \$119,800 it was given last year. Except for the \$2,000 set aside for a new pickup truck, the department's allocations cover routine operating expenses.

The ordinance allocates \$112,572 to City Hall offices and other operations financed out of the general fund. The allocation is up \$9,115 from the \$103,215 provided in 1965, also primarily because of wage increases.

The safety fund, made up primarily of the fire and police departments, was given \$405,351 for its operations this year. The figure represents a boost of \$51,681 from the \$353,670 allocated last year.

**IN ADDITION** to the two major departments, the safety fund allocations include \$14,750 for pay, uniform allowances and incidental expenses of "Meter Makers," \$5,496 for pay of a parking meter repairman and \$500 for supplies; \$1,880 for the dog warden's salary and \$750 for supplies and \$450 for burial of the indigent.

The health fund's allocation is set at \$25,732 for 1966, an increase of \$2,579 from the \$23,153 provided in 1965. The appropriation provides \$102,056 for the service fund, a decrease of \$8,863 from the \$110,919 set up last year.

The service fund includes part of the salary of Safety - Service Director Robert E. Vodrey and the expenses of his office, as well as for salaries and expenses of the city engineer's office (\$14,650) and a \$41,900 allocation for pay the city's street lighting bill.

In addition, it sets up \$18,040 for operation of Thompson Park and \$3,500 for the park, riverfront, playground and recreation program of the new City Park Commission.

The Civil Defense fund is set at \$5,280 for 1966, a gain of \$850 from the \$4,430 provided last year. The appropriation provides \$14,564 for the off - street parking fund, a boost of \$5,389 from the \$9,175 set up in 1965.

This year's allocation for off-street parking includes \$9,200 to retire bonds issued for purchase of sites. The appropriation for the same purpose was \$6,581 in 1965. In addition, \$500 is allocated for guard rails that will be erected to prevent damage to a privately - owned structure adjoining a parking lot at City Hall.

The sewer revenue fund is set at \$177,430 for this year, an increase of \$8,525 from the \$168,905 provided last year. Office salaries will cost \$5,317 in 1966, against \$4,656 in 1965, and the pay of operating employees will rise to \$27,820, compared with \$25,389.

Operation of the income tax office will cost \$24,076, an in-

## Deaths and Funerals

### Ralph R. Knepper

Ralph R. Knepper, 78, of St. Clair Ave. Ext., Calcutta, died at 2 a. m. today at City Hospital following a year's illness.

A dairyman and farmer, Mr. Knepper spent his life in St. Clair Township, where he was born July 12, 1887, to the late James Knepper and Amy Panckake Knepper. He retired in January 1965.

He was a 50-year member of the Negley Masonic Lodge and was a member of the Calcutta United Presbyterian Church and Calcutta Grange.

Surviving are his widow, Mrs. Kathryn Knepper; three sons, James Knepper of North Canton, J. Donald Knepper of East Liverpool and Joseph Knepper, at home; three daughters, Mrs. Lester (June) Dailey of Calcutta, Mrs. Alfred (Jane) Stern and Mrs. Jean Basard of Akron; seven grandchildren, and one great-grandchild.

Services will be held Thursday at 11 a. m. at the Martin Funeral Home by the Rev. Thomas Clyde, assisted by Dr. Charles R. Cheeks of the First United Presbyterian Church of Farrell, Pa. Burial will be in Longs Run Cemetery.

Friends may call Wednesday night at the funeral home, where

Masonic services will be held at 7 p. m.

### Noah Bobrow

Services were held Monday afternoon for Noah Bobrow, 64, of New Brighton, former operator of a Midland pharmacy and a member of Lincoln High School's first football team, who died Sunday at 8:30 a. m. in Beaver Valley General Hospital at New Brighton after a long illness.

The rites were conducted at 3 p. m. yesterday at the Campbell Funeral Home in Beaver Falls. Burial was in Agudath Achim Cemetery at Beaver Falls.

Born in New York City Sept. 7, 1901, Mr. Bobrow went to Midland as a child with his parents. He attended Midland public schools and was graduated from high school in 1921. He was graduated from the Philadelphia Pharmaceutical School in 1923.

In 1923, Mr. Bobrow married Mayme Stein of Philadelphia. He returned to Midland shortly afterward and opened Bobrow's Pharmacy at 500 Midland Ave., conducting the store from 1927 to 1929.

At the time of his death, Mr. Bobrow was owner of the Ace Electric Supply Co. in New Brighton. He was a member of Agudath Achim Synagogue in Beaver Falls. Memorial services were conducted Sunday night in Beaver Falls by the B'nai B'rith.

In addition to his widow, at home, he leaves two daughters, Mrs. Phillis Stein of Beaver Falls and Mrs. Rita Sheffer of Pittsburgh; two sisters, Mrs. Anna Kuntz of Beaver and Mrs. Nat Moll of Midland, and three brothers, Sam Silverman and Meyer Silverman of Los Angeles, Calif., and William H. Silverman of Patterson Heights, Beaver Falls.

#### Fined In Dope Case

BELLEFONTE, Pa. (AP) — Six of nine Pennsylvania State University students arrested in a marijuana raid last month have been fined \$500 each and costs after pleading guilty in Centre County Court.

A seventh defendant, Kenneth Doolittle, 20, of Newark Valley, N.Y., pleaded innocent and will be tried later. Charges against two others were dropped earlier.

At the time of the raid, state and local police and state narcotics bureau agents reported they confiscated almost a pound of marijuana, along with some paraphernalia for use of the drug.

## Board Grants New Contract For McBride

LISBON — The County Board of Education Monday night renewed the contract of County Supt. James L. McBride for three years ending Aug. 1, 1969.

A Lisbon resident, McBride has been county superintendent since March 1950. He receives \$11,200 annually plus a \$600 allowance for travel.

The board adopted a policy requiring all substitute teachers to be examined for tuberculosis as full-time teachers are now. Since all substitutes must come to the county office in the Court-house for certification, they will be referred at that time to the County Tuberculosis Control Clinic for the Mantoux test.

Supt. Welch Barnett of Carrollton Exempted Village Board of Education notified the county board of a resolution approving the request of Elmer and Lucille Lohman for transfer of their 80-acre farm in Fox Township to Southern Local District of the Columbiana County system. Final approval is up to the State Board of Education.

The county board authorized McBride to study ways the county may take advantage of funds available under Title III of the National Education Act. Attendance Officer Fred Lohman of Salineville reported driving 77 miles on 18 home calls and 27 school calls in February.

President Allan Chamberlin announced that a combined meeting of the county and local boards and school administrators will be held at 8 p. m. Monday at Southern Local High School near Highlandtown.

### City Continues Work On Sidewalk Repairs

A street department crew is working on the St. Clair Ave. side of Central Fire Station in a continuing program for maintenance and repair of sidewalks at city - owned property. Safety - Service Director Robert E. Vodrey said today.

A section of the walk on the west side of the station is scheduled for replacement, along with a segment of the ramp used by the trucks, the director said. Repair is planned later on the walk on the Broadway side, he added.

Other sidewalks at city-owned properties will be checked later to assure they are in proper condition, Vodrey said. The repair began last week with work on segments of a walk on the Peach Alley side of City Hall.

### Fourth In Series

## JUMP Program To Hear Judge Tobin Wednesday

Columbiana County Probate and Juvenile Court Judge Louis Tobin will speak during the fourth in a series of public forums on community problems Wednesday night at 8 at St. Aloysius Church.

Judge Tobin, of 1925 St. Clair Ave., county judge since 1951, will speak in the JUMP (Join Up for Mutual Progress) series currently being sponsored by five city church congregations.

He will speak on marriage. A native of East Liverpool, the judge is a 1921 graduate of East Liverpool High School, Ohio State University Law School and practiced law here

from 1932 to 1951, except for the period of World War II in which he served as an Army lieutenant in the South Pacific combat areas.

The jurist has had long experience with juvenile and family problems in the county and has received recognition for some new approaches to handling delinquents.

The JUMP programs are sponsored by St. Aloysius, Beth Shalom congregation, St. Stephen's Episcopal Church, the First Church of Christ and Trinity United Presbyterian Church. The half - hour talks are followed by a discussion period and refreshments.

### Officers Retained By Credit Union

All officers were re-elected when the CSAM Federal Credit Union of Midland reorganized Monday afternoon.

Retaining their posts are: William Moll, president; Nile Wain, vice president; Paul Calhoun, second vice president, and Fred G. Wilton, secretary and treasurer.

Following the election, the officers approved the appointment of Edwin M. Wallover Jr. of

Beaver Falls as architect for their new building.

It will be constructed on Midland Ave. The offices are currently located on the second floor of the Beaver Trust Co.

In other action, the credit union designated the second Monday of each month as its meeting day.

The next meeting will be April 11.

## Kuzma Given Principal Job

(Continued from Page 1)

I was not aware that Kuzma had applied for the job. I don't even know if he really wants it," Shovlin said.

Newman, board president, informed Shovlin that Kuzma had made a verbal application and the personnel committee of the board was satisfied "that he is the best qualified man in the Midland school system for the post. All of the possible candidates were considered and Mr. Kuzma emerged as the best possible choice."

Raich quickly backed Shovlin in the protest, explaining, "I feel the position should have been thrown open for all available applicants to seek the job. I agree that a man from our own system should be considered first,

but it seems that in all fairness, others should have been screened and interviewed."

CILLI informed the board: "Mr. Kuzma has a master's degree in education from Duquesne University, he has been in the system for a number of years and knows its functions and he has the aggressiveness to demand respect and do a good job."

Kuzma will assume the office July 31 and will begin to further familiarize himself with his new duties May 1 by working with Walters.

The basketball coaching position which Kuzma presently holds has not been thrown open for applications. "In all probability," according to one of the board members, "Kuzma will continue as head basketball coach. Other schools have been successful in this venture. There is no reason why Midland can't have the same success."

Board members James Morrison and John Zdinak were absent last night.

After the meeting, Newman explained, "Kuzma is a strong disciplinarian and it is hoped he will be able to handle some of the problems at the school. The principal's post has been open since Mr. Walters announced his retirement and any member of the system had ample time to submit applications. Kuzma was the only one who showed any interest in the post. We feel he is qualified and acted to promote a member of our own system."

THE BOARD also adopted a resolution to request permission to float general obligation bonds to cover unfunded debts totaling \$125,000.

If the bonds are approved by Beaver County officials, they will help to compensate for uncollected taxes, board members explained.

The board acted on several disciplinary problems on the recommendations of Supt. Edgar E. Richards and Sam Rosatone, superintendent of maintenance. Acting at Richards' sugges-

tion, a 17-year old ninth-grade girl was expelled from school. "This girl has been referred to me on several occasions by the principal. She has failing grades, has missed 41 days of school without valid reasons and shows a negative attitude toward her studies. She is currently on suspension and I feel the board is justified in expelling her," Richards said.

ROSATONE reported vandalism in the boys' washrooms at the high school. "The boys have been using screw drivers to dismantle partitions in the washrooms and bending them by pulling on the front of the partition. The school replaced these partitions three years ago and from the looks of things, they won't last too much longer. Something has to be done. The partitions are dangerous in their present state and someone is liable to get hurt," he said.

The board approved removal of the damaged partitions. "The students have shown they don't want the privacy we have tried to provide. If the vandalism continues, all of the partitions will be removed," Newman added.

Richards advised the board against removal of the undamaged partitions. "Discipline is a major problem at the school. Strong steps must be taken to combat and correct the situation. By removing all of the partitions, you will be inviting the students to tear up other articles. Towel dispensers are also a favorite target. Several have been torn off the wall and tossed out of the windows. Rather than removing everything they tear up, those caught should be made to pay for the damages," Richards said.

He continued, "Suspension isn't the answer to the problem. In most cases, a student comes back to school meaner than when he left. A suspension just provides a reason to get even. I urge you to develop a strong policy of discipline and stick by it. This is the only way to solve the problem," he concluded.

IN OTHER action the board approved participation in the community college program for Beaver County by a 5-2 vote, the purchase of a measuring wheel for lining the track and baseball fields, 4-3, and the sixth annual Holiday Basketball Tournament at the new gymnasium for 1967.

Cilli and Roach opposed the community college participation because of a one-and-three-quarter-mill responsibility it places on the school system to assist in the project.

The school calendar for 1966-67 was approved. School will start Aug. 31 and end June 2, providing 180 days for the students and 183 days for the teachers. The new calendar shortens the teachers' days from 189 this year.

A request by the junior class to hold its prom at the Willows Motel in Industry was denied.

The board specified, however, if the class chose to hold the prom in the new gymnasium, it would be approved. In past years, the prom has been held in the old gymnasium.

The Auxiliary of American Legion Post 481 was granted permission to hold a dance recital May 27 at the new gymnasium. A book list for the Carnegie Library totaling \$382 was approved and an expenditure of \$125 for the 50th anniversary observance of the library authorized.

Rosatone was authorized to supervise the purchase of janitorial and general supplies.

In communications, the board approved the drawing up of a contract between Midland and Western Beaver school districts for the use of the football field for Western Beaver home football games. The request for the contract was submitted by Frank A. Meredith, supervising principal of the Western Beaver School District.

The 40 and 8 of the American Legion was given permission to begin a social studies program in the eighth grade of the school system.

All bills were approved for payment and the treasurer's and tax collector's reports were accepted and filed.

The next meeting will be April 11.

community services \$19,700, down \$17,249; capital outlay, \$445,000, down \$74,152.26; prior year orders paid or to be paid, \$190,629, up \$16,321.84.

The beginning sheriff's balance was estimated at \$500,000, a decrease of \$128,251.26.

Supt. Robert H. Hall advised the board this tentative budget does not include such federal aid programs as Operation Head Start, which will be set up as a supplemental budget following approval.

The tentative teachers' salary schedule and school calendar for 1966-67 also were approved.

The starting salary for a teacher with a master's degree was set at \$5,890, up \$285, to a maximum of \$8,278, up \$589, while the beginning salary of a teacher holding a bachelor of arts degree was set at \$5,416, up \$234, ranging up to \$7,690, up \$485, for a teacher with 16 years experience.

**PRIOR TO** the vote for adoption of the budget and levy, John P. Jones, board member, commented that nowhere in the proposed budget had he seen plans for funds to be used for providing new schools, athletic fields or grounds improvement.

Hall replied that additional grounds maintenance and building improvements are scheduled this spring, with some of the work already under way at an estimated cost of \$124,800.

Relative to teacher salary increases, Robert Wern, representing the Hancock County Teachers Association, was prepared to submit a proposal, in addition to that already approved by the state, but was advised by Robert Miller, board president, that such a proposal should be submitted to Hall for possible action.

In other action last night, the board approved four requests: For Sophia Divish to attend the physical fitness clinic in Pittsburgh; George Tokash to attend the Northern Panhandle Area

Vocational Conference at West Liberty State College April 11; for the Wells Junior High band to participate in a Memorial Day program at Chester May 30, and for Ruth McPherson, 4-H Club agent, to use a room at Weir High School for an automotive program on April 15 and at Oak Glen for the same program on April 29.

The board approved the employment of Mrs. Kathleen Wright of Chester as an elementary school teacher for the 1966-67 term.

The next meeting will be April 4.

which Miss Strabley gave music pupils as gifts — strewn about.

When Sweeney left the building, he told the Wooley youth to call him if he heard anyone about. A short time later, the boy telephoned Sweeney to say there were flames on the second floor.

The three boys escaped the blaze unharmed, but almost all the equipment and furnishings in the building were destroyed. Mayor Stanley Fitch and Fire Chief Tony Brandonio yesterday completed mounting a fire siren at the fire station to replace the one which was on the roof of the Village Hall and which was destroyed.

The siren at the fire station, an old one which had been dismantled, was to be wired today. John Gephart of New Philadelphia, state building inspector, visited the gutted building today and suggested stronger barricades be erected on the sidewalks and hanging spouts and eaves be removed as soon as possible.

Mayor Fitch said two firms already have indicated interest in bidding on razing the 74-year-old building.

Council is to meet Monday night to further plans for demolition of the building and providing new village offices.

## Spending In '65 By County Group Totals \$79,475

LISBON — A total of \$79,475 was spent by the Columbiana County Soldiers Relief Commission in 1965, the annual report indicates. Funds amounting \$121,307 were appropriated.

The expenditures — with appropriations in parenthesis — included: Commission salaries \$2,208 (\$2,500); service officers and clerks compensation \$18,167 (\$17,100).

Soldiers' sailors' relief \$49,580 (\$91,707); office expenses \$7,348 (\$8,000); grace markers \$625 (\$500); and Memorial Day expenses \$1,544 (\$1,500).

There were 556 claims filed and federal funds for service work for veterans and dependents in the county amounted to \$401,550 during the year.

## Drive Slated By Red Cross At Salineville

## Miss Darlin Anne Bryan, Ronald D. Jarvis Marry

Miss Darlin Anne Bryan chose March 12, her mother's birthday anniversary, for her marriage to Ronald D. Jarvis, which was solemnized at 10 o'clock in the morning at St. Aloysius Catholic Church.

The bride is the daughter of Mr. and Mrs. C. A. Bryan of 342 W. 5th St. The bridegroom's parents are Mr. and Mrs. Paul Jarvis of the Cannons Mills Rd.

Fr. Donald DeCarlo, assistant pastor, officiated for the double-ring ceremony. John Bryan, brother of the bride, was acolyte. Mrs. James O'Reilly, church organist, played the wedding mass and her husband sang "On This Day O Beautiful Mother" as the bride placed a bridal bouquet before the statue of the Blessed Virgin.

THE BRIDE was escorted to the altar and given in marriage by her father. She was attired in a full-length gown of marquisette over taffeta designed with a short train. The fitted bodice was fashioned with a round neckline and above-the-elbow sleeves and the skirt fell along sheath lines. Sequin and lace trim added accent.

Her bouffant veil of imported silk illusion was attached to a coronet of pearls and sequins. She carried a lace-covered Bible topped with an arrangement of white orchids, stephanotis and satin streamers tied in "lovers' knots. The familiar traditions were observed.

Miss Sandra E. Bryan, sister of the bride, was maid of honor and wore a blue taffeta dress with matching hat and accessories. Miss Deborah Sue Bryan, another sister, was bridesmaid and appeared in pink taffeta with matching hat and accessories. They carried Colonial bouquets of carnations tinted to match their dresses.

Paul Jarvis, twin brother of the bridegroom, served as best man and Kerry Jarvis, another brother, as usher.

The mother of the bride chose a beige knit dress and the bridegroom's mother a yellow knit ensemble. Matching accessories and yellow carnation corsages complemented their attire. Mrs. Lillian McKeever, grandmother of the bride, wore

an orchid suit with matching accessories and a corsage of yellow carnations.

A RECEPTION for 125 was held in the afternoon at the home of the bride's parents, which was decorated with arrangements of spring flowers. The buffet table was centered with a three-tier cake, topped with a miniature bride couple. A pink and white theme predominated in arrangements.

Aides were Mrs. Margaret Canne, aunt of the bride; Mrs. James Stoney, a great aunt; Mrs. Daisy McCain, Mrs. Martha Glass and Mrs. Lula Cummings.

Miss Jackie Schrader, cousin of the bride, registered guests from New Cumberland, Lisbon, Youngstown, Steubenville and Wellsville.

For her honeymoon trip to New Jersey, the bride wore a yellow suit with matching accessories and her bridal orchid.

The newlyweds are graduates of East Liverpool High School. The bride, a graduate of the City Hospital School of Nursing, is employed as a medical aid for Dr. William J. Horger.

The bridegroom attended the College of Steubenville and is stationed with the Army at Ft. Jackson, S. C., where he is attending officers' reserve school. Following his return to the service, the bride will reside with her parents.

## Sandra Henderson Weds In Ceremonies At Church

Miss Sandra Lee Henderson, daughter of Mr. and Mrs. Robert D. Henderson of Smiths Ferry R.D. 1, became the bride of Daniel Visnick, son of Mr. and Mrs. Nick Visnick of Meadowbrook Estates March 12 at 3 o'clock at the Four Mile United Presbyterian Church on the Tuscarawas Rd.

The double-ring ceremony was performed by the Rev. Ray A. McCreight.

The bride, given in marriage by her father, wore a street-length dress of pink silk over satin organza, styled with a scoop neckline, long sleeves and an empire waist. She wore a brief bouffant veil held in place by pink organza petals and carried a bridal bouquet of white carnations and white roses.

Mrs. Kathie Livada of Midland, matron of honor, wore a street-length dress with a white skirt and pink crepe bodice. Her headpiece was a white Dior bow. She carried pink - tipped carnations with pink roses.

The bride's mother wore a beige suit with green accessories and the bridegroom's mother chose a pink jersey dress with black accessories.

Daniel Livada of Midland was best man.

A buffet luncheon was held at the bridegroom's home following the ceremony, with a reception for 150 at the Ohioville fire hall.

Aides were Mrs. Helen Smy-

## MD Group Plans For Its Election

LISBON — A nominating committee was appointed during the meeting of the Columbiana County Muscular Dystrophy Committee Monday night at the East Palestine fire station.

On the committee are Harry L. Glavan of East Palestine, chairman, Mrs. Alice Hawk of East Palestine and Mrs. James Staley of Columbiana.

A slate of officers will be presented at the annual meeting May 16.

Discussion was held on the County Fair in August, when the group plans a display.

Staley was appointed to serve on the patient service committee, replacing Mrs. Robert Talbot of Salem, who is ill.

The group discussed the possibility of applying for membership in the United Fund at East Liverpool and Columbiana. The next meeting will be April 18.

## Forest And Park Group Plans For Lisbon Meeting

LISBON — "New Horizons in Recreation" will be discussed at the annual meeting of the Columbiana County Forests and Parks Council at 8 p. m. March 31 at St. George's parish hall here.

Speaking to the group will be Ralph Regula of Navarre, an attorney and a Stark County state representative.

Twenty-five council members will be elected. Donald Elliott, a Rogers attorney, is chairman.

Regula is a member of the county, state and American bar associations, the Stark County Regional Planning Commission, the Board of Trustees of Mt. Union College and other groups. He is vice president of the Stark County Historical Society, co-chairman of the Canal Lands Advisory Committee to the county commissioners and is a trustee of the Stark Wilderness Center.

A graduate of Mt. Union College, he taught school in Stark County for seven years before becoming a practicing attorney in Navarre. In 1957, he was selected as the "outstanding young man of the year" by the Canton Junior Chamber of Commerce.

## New Committee Aids Cleanup In Sunnyside Area

A new Sunnyside Improvement Committee to aid in a city-wide spring cleanup campaign was formed Monday night during a meeting at the home of James H. Grafton of Edgewood Ave., a member of the City Planning Commission.

Grafton said the committee will cooperate with a movement originated by the civic and community affairs committee of the Chamber of Commerce, calling for neighborhood improvement efforts during May. Arthur Doak, chairman of the Chamber committee, spoke to the new group.

The committee also will continue to press for construction of an auto - pedestrian ramp to link together the two dead-end sections of W. 9th St., Grafton said. The next meeting will be in about two weeks. The date will be announced.

The bride is a 1965 graduate of Western Beaver High School. Her husband is a 1962 graduate of Midland High School and is stationed with the Army at Ft. Gordon, Ga.

The newlyweds are residing in Georgia.

# 150 Join In Banquet Held By Legion Post

Herman Devor, past state commander, reviewed the history of the American Legion when 150 members and guests attended the birthday banquet at Post 374 Saturday night.

He discussed the Legion's position on Viet Nam and its roll in preparing for servicemen now in the Asian theater.

The event was held in conjunction with the nationwide 47th anniversary of the service organization.

Comdr. Long gave the welcoming address and the Rev. Flynn the invocation.

Glen Jackson's band provided dinner music, with vocal solos by Ernest Lowe, accompanied by Mrs. Lowe.

Past Comdr. James Cregar presented life memberships to Malcolm Milne and Louis Provost, each receiving gold cars.

Long presented Mrs. Devor an electric coffee pot manufactured by a local pottery.

Carl Pelini, principal of the high school here, presented American Legion awards for government and Americanism contests to John Gerace, Linda Stickler, Gaye Lee Bourne and Robert Hooker.

He expressed "thanks" to John Ruhe, post Americanism officer, for his cooperation with the high school in the program.

Parents of the students were guests.

Members of the Auxiliary served dinner. Jack Reardon was entertainment chairman and Robert Poynter master of ceremonies.

The Aristocrats furnished music for the dance that followed the banquet.

# Board Meets Applicant For Grid Position

SALINEVILLE—An applicant for the post of Southern Local High School football coach was interviewed by the board of education Monday night.

Two other applicants are to be interviewed for the post, from which Edward Oliver resigned.

The board last night discussed various policies and problems facing the district, but took no action.

The transportation of parochial students under the recent state law, and establishment of minimum salary standards by state regulation were among items aired.

State law calls for a salary of \$4,500 for a first year teacher with a bachelor degree in the fall. The present salary in the Southern Local District is \$4,300.

Up for consideration in the May primary in Southern Local is a new 4 - mill levy and a renewal of a 4.4-mill levy. The board would be able to meet the state standards if the levies are approved.

Discussion was held on the need for building repairs, including conversion of the coal furnace and roof repairs at Franklin School, major roof repairs to the Salineville School, heating repairs at Highlandtown School, completion of heating conversion at Wayne School and roof repairs at No. 16 school.

The board will meet again Monday night.

# Crash Hurts Elderly Pair

An elderly Westfield man was injured and his twin sister shaken and bruised when his car ran up an embankment as he attempted to turn from the California Hollow Rd. onto Westfield Rd. Monday afternoon.

Theodore Cheney, 78, suffered a leg injury and his sister, Mrs. Theodosia Wood, also of Westfield Rd., was bruised when the 1962 auto left the road and rolled up the embankment by the underpass.

The couple had been in East Liverpool with Fred Wood, 15, stepson of Mr. and Mrs. Fred Wood of Westfield, in an attempt to get treatment for the boy's cold.

Cheney was headed north and made a left turn, but lost control of the auto, according to the Ohio Highway Patrol at Lisbon, Cheney said the wheels of the car, which he obtained recently, apparently locked.

The youth was unhurt in the mishap which occurred at 12:50 p. m.

# Red Cross Seeks Aid For Salineville Family

An appeal for bedding, household supplies, furniture and clothing for the family of Police Chief and Mrs. Ray Keister of Salineville was made today by the Area Red Cross Chapter.

All the family's possessions were destroyed by a fire which swept the interior of the Salineville Village Hall Saturday. Any one with contributions may notify the Red Cross headquarters at Mary Patterson Memorial.

Donations will be picked up and delivered to the family. Miss Mary Catherine Brady, executive director, said.

# Plans Being Advanced For Retarded School

LISBON — The Columbiana County commissioners Monday named Commissioner R. Max Gard to serve as the official signatory for the obtaining of federal and state aid in building the proposed Retarded Children's School.

Robert Bycroft, director of the County Welfare Department, today said plans are being submitted to the State Department of Grants, Division of Mental Hygiene and Correction, for the proposed institution.

He estimated the total cost of the school to be \$350,000, with \$103,000 expected from federal aid and the balance to come from state funds and a tax levy approved by the county's voters.

Bycroft said plans for the school include eight classrooms, a workshop, a therapy room, a kitchen and general offices. The architect is Robert Beatty of East Liverpool.

In other action, the commissioners approved a \$10 travel allowance for Bycroft and Don Hepp to attend an instruction meeting Friday in Youngstown on the merger of welfare departments into a single county unit. The merger is scheduled July 1.

Also approved was \$500 for the Columbiana County Airport Authority for organizational operations and office supplies and equipment.

# Hancock Firefighters Seek Boost In Funds

NEW CUMBERLAND — Officials of the Hancock County Firefighters Association, headed by William E. Prosser of Weirton, attended a preliminary budget session of Hancock County Court of Commissioners at the courthouse here Monday and asked for an increase of \$500 in the 1966-67 budget, the money to be allotted to the nine volunteer companies in the association.

In requesting the increase, Prosser said, "We're hurting bad. We would appreciate any consideration you gentlemen can give us."

Jack Evans of New Cumberland commented that there might not be enough money in the total budget to allocate to the association an amount which would represent almost double the current year's figure.

Prosser said the funds are needed to service and update equipment now in use by the volunteer companies, particularly radios.

He also pointed out that the companies, under the mutual aid plan, would combat fires anywhere in the county, if called, while the Weirton fire department, which does not receive

# Judge Suspends Driver's Permit

Municipal Judge Samuel M. Chertoff today ordered a 30-day suspension of the operator's permit for a Wellsville woman on a charge of speeding 80 miles an hour Saturday morning on the East Liverpool - Wellsville Rd.

Mrs. Carol Ann Partlow, 28, of 417 10th St., also was fined \$15 and costs on the charge filed by

the State Highway Patrol. She pleaded "no contest."

Eighty is just too fast," the judge told Mrs. Partlow. "Come back in 30 days and your license will be returned."

The patrol reported she was cited at 1:15 a. m. Saturday. Another woman driver cited at the same time is slated to appear Friday. She is Isa Kay Kerr, 26, of W. Main St., Salineville, also accused of driving 80 miles an hour.

### Official Sees Alarm Boxes As Unneeded

An official of the Ohio Inspection Bureau at Columbus, which rates fire department performance as a guide to insurance companies, sees no need for replacement of East Liverpool's worn - out system of fire alarms, Mayor George E. Willshaw told Council Monday night.

The mayor reported to Council in a caucus session on a conference he held with J. W. Rutter of the inspection bureau Saturday after attending a two-day meeting of the Ohio Mayors' Association.

Willshaw said he asked Rutter what effect would be felt on East Liverpool fire insurance rates if the 50-year old call box system is not replaced.

"He said he didn't think it would have any bearing on rates," Willshaw told Council. "He indicated he felt we would be better off with no system than to have one in the shape ours was in at the time of the survey."

Willshaw referred to a survey made a few weeks ago by Bliss-Gamewell Co. of Pittsburgh, which recommended replacing all the present call boxes except two and extending the system to newly - built areas of the city. The total cost was set at about \$58,000. At the time, only about two of the call boxes were functioning.

Safety - Service Director Robert E. Vodrey said Rutter indicated an increase in fire department manpower would be the biggest factor in helping lower local fire insurance rates.

Councilman Donna R. Wilson then read data which she obtained from the Ohio Municipal League at Columbus on the fire alarm systems in eight other Ohio cities East Liverpool's size. Of the eight, five had no call box system similar to East Liverpool's, she said. Of the communities which operate such systems, one referred to its setup as "lousy," she said.

### Council Gives First Reading To New Street Opening Rules

Council gave first reading Monday night to an ordinance tightening the regulations on street openings and their resurfacing and setting higher fees for permits authorizing the work.

With two more readings required to enact the legislation into law, it was supported by Councilmen Donna R. Wilson, James Lowe, Harold Maylone and Robert W. Sample. Councilmen Frank Duffy and Norman Bucher opposed the measure.

The bill raises the minimum fee for a street-opening permit from \$5 to \$10. If the street to be opened is surfaced with concrete, the permit will cost \$50, the legislation provides. Safety-Service Director Robert E. Vodrey is designated to collect the fees.

EARTH removed from a street opening must be hauled away and disposed of and the trench must be backfilled under the supervision of the engineer's office, the legislation says. The trench may be filled again only with a mixture of sand and gravel or slag and must be tamped in 6-inch layers, it says.

In opening a concrete street, the applicant must saw the pavement instead of crushing it. All openings must be rectangular. The area around the excavation must leave a one - foot shelf to serve as a support for the new pavement.

The new paving must be of reinforced concrete conforming to State Highway Department specifications. The ordinance requires it must be cured properly, with protection against freezing in cold weather.

All the work must be done in the presence of an inspector from the engineer's office. All openings must be covered, resurfaced and open for travel again within seven days from the first excavation. If the permit-holder fails to meet the deadline, he will be assessed a penalty of \$5 a day.

WHEN A surface other than concrete is removed, the ordinance provides, it will be replaced by the street department at a charge of \$18 per square yard, payable in advance. If the permit-holder wishes, he may perform the resurfacing himself, subject to sanction from the engineer's office.

When the resurfacing is completed, it will be inspected by the engineer's office. If it fails to meet the city's specifications, the pavement will be removed and replaced by municipal crews at the rate of \$18 per square yard.

The ordinance provides a fine of up to \$200 for violations.

The existing legislation provides for replacement of torn-up pavement by the city, but fixes a charge of \$12 a square yard for all types.

### 10-Cent Fees Asked For All Curb Meters

Safety-Service Director Robert E. Vodrey suggested to Council Monday night that it establish a general 10-cent hourly fee for all on-street parking meters, which would amount to doubling the rate for most of the devices now in service.

Vodrey's proposal calls for retention of the 5-cent slot in the city's meters, but it would buy 30 minutes of parking time instead of an hour, as is generally the case at present except in the heart of the downtown area.

Councilmen took no immediate action on the suggestion, made in a caucus session.

Penny slots would be eliminated completely under the director's proposal. At present, many meters allow 12 minutes' parking time for a one - cent piece.

Vodrey told Council there is a national trend toward a standard 10-cent fee for parking meters. Meters on off-street lots would not be affected by his plan. However, the charge already is 10 cents hourly for most of the city lots, although the meters allow parking for up to 10 hours on one insertion of coins.

Vodrey suggested that the altered fees be placed in effect when East Liverpool places an order for 500 new members on which bids were opened yesterday by the director and Mayor George E. Willshaw. The altered coin slots would have to be specified at the time the meters are ordered, he explained.

Certain sections of streets now have meters which permit long-time parking at a 5-cent hourly fee. In these cases, Vodrey recommended retaining the long-time feature, but boosting the rate to 10 cents.

He also recommended that two 15-minute meters be installed at either end of each block in the downtown area to accommodate motorists who wish to halt only for a brief errand. These meters could be set up to operate on 5 - cent pieces, he said.

At present, the only 10 - cent hourly fees are required on the so-called "redhead" meters in the center of the business district. Vodrey suggested that all meters be color coded in the future to indicate at a glance the maximum parking time allowed for one insertion of coins. Some local meters now are color coded in addition to the "red-head" types.

### Bill-Paying Policy Adopted By City Board Of Education

The Board of Education Monday night adopted a policy providing that bills will be paid only on or before the second and fourth Mondays of each month.

In making the motion, Samuel W. Brown, chairman of the board's finance committee, said he believed a clearcut policy was needed, particularly so that employees will know when to expect payments for extra work.

As an example, he cited custodians who receive extra payment if required to work overtime because of a night event. Bills reaching Miss Kathryn Liebschner, clerk - treasurer, prior to the board's meetings on the first and third Mondays will be paid on or before the second and fourth Mondays.

The only exception will be invoices listing time discounts, bills of the Snyder Bus Co., reimbursements to staff members attending professional meetings, and emergency situations, Brown said.

The board also approved Brown's motion authorizing Supt. Paul H. Blair to send a letter of intent to the commanding general of the 1st Army at Ft. Meade, Md., indicating the board is desirous of starting a junior ROTC program in the high school.

It also authorized a firemen's training program for the Glenmoor volunteer fire department. The board will pay the fee for the instructor and then will be reimbursed by the State Department of Education.

Blair reported school officials are pleased with a physical education program being conducted at Westgate, where physical education for elementary students has been started.

It will serve as a pilot study for a program to be offered when the new schools are erected.

Blair made the comment after Richard Smith cited statistics from a new book indicating that 50 per cent of those enlisting or being drafted into the armed forces are rejected because of their physical condition.

Smith said he believes students should be encouraged to participate in some form of athletics and that coaches should be encouraged to retain as many boys on athletic teams as possible so that all will benefit from training.

In the absence of Miss Liebschner, Smith served as clerk. The financial statement showed a balance of \$227,351 in all school funds, including only \$16,322 in the general operating account.

The board also approved a request by the East Liverpool Basketball Classic for use of Memorial Auditorium on April 21-22, a Thursday and Friday, at a fee of \$100 a night, plus custodian fees.

### Caution Issued On Escalating Dividend Rates

PITTSBURGH (AP) — Chairman John E. Horne of the Federal Home Loan Bank Board cautioned the savings and loan industry today against escalating dividend rates to attract funds in the tightening money market.

In a talk prepared for the annual meeting of the Federal Home Loan Bank of Pittsburgh, Horne said savings and loan institutions should instead improve their earnings and strengthen their portfolios by

being more selective in extending credit.

Horne said commercial banks are taking in less money than they did a year ago despite what he called their fancy rate structures.

Raising dividend rates now, Horne said, would only prompt other financial institutions to raise theirs in retaliation and "the essence of the whole process may be an escalation of rates without any gain in savings."

### Wellsville Post Enrolls Member

Ernest W. Montgomery was accepted as a new member during a meeting of Wellsville American Legion Post 70 Monday night.

A memorial tribute was paid to the late Jesse B. Raffie, a World War I veteran.

Dean Wright, first vice commander of the Columbiana County American Legion Council, and Ray Cunningham, commander of Post 4, were guests. Wright asked aid for the Sons of American Legion in a drive to collect old cigarette lighters. They will be repaired and sent to hospitalized veterans.

Anyone with old lighters to donate can leave them at the post.

The Wellsville Memorial Council will meet at the post Thursday at 7:30 p. m. Representatives of the post will be Sam Maylone, commander, Mayor William Daugherty, Ralph Kelley, Dohrman Householder and Kenneth Hoover.

The post will send two delegates instead of one to Buckeye Boys State. The delegates will be Robert Morehead and Timothy O'Hara. The alternates are David Bush and Richard Stevens.

A dance will be held Saturday night. Russ Ludwig and his orchestra will play.

### Group Selects Name, Opens Member Roll

The official name was chosen and membership rolls were opened during the meeting of Chapter 6, United Citizens Band Association, Sunday afternoon at the Highlandtown Grange Hall.

Fifty-eight attended the meeting, with Ray Manning of Salineville, president, in charge.

The next meeting will be April 3 at 7:30 p. m.

## Council Gets Data

Projects Listed  
By Gas Company

Six projects which the Ohio Valley Gas Co. will undertake in 1966 were explained to Council Monday night by Harold Sneddon, district manager.

Sneddon said all the improvements are designed to provide better service to customers. The six already have been approved by company officials, with the prospect others may be cleared later, he said.

**THE MAJOR** project calls for installation of new lines from a new regulator set on Putnam St., near the Louthan Plant of the Ferro Corp. The firm will install 36 feet of eight-inch pipe, 380 feet of six-inch line and 90 feet of 10-inch main on Putnam St. from the regulator to Michigan Ave.

The company also will install 200 feet of new two-inch line in Midway Alley, which lies between State St. and Pennsylvania Ave.

Other contemplated projects are: Installation of 320 feet of two-inch line on Crawford St.; replacement of 175 feet of two-inch line on Pennsylvania Ave. near Midway Alley, and laying of 10 feet of 16-inch line and 600 feet of 10-inch main from a regulator on Fawcett St. along Laurel Ln. to Ravine St., providing better service to the Thompson Ave. - Vine St. area, Sneddon said.

**MAYOR** George E. Willshaw told Council in a caucus session he obtained data on dozens of types of federal aid which are available to municipalities while attending a meeting of the Ohio Mayors Association Friday and Saturday at Columbus. He said the administration now is drawing up a list of 10 proposed projects for which the city might seek aid. A list will be mailed within a few days to all Council members, he added.

Council agreed to confer with the mayor next Monday night at 7 to discuss the projects.

Engineer George Bloomgren said he has obtained a form from the Federal Department of Housing and Urban Development on which to list the projects the city contemplates. Once the list is filed, the city will receive application forms for aid from each affected federal agency, he said.

"We need to decide which projects are most important, provided the local share of the funds can be raised," Bloomgren said.

Council also confirmed that it will meet with the mayor and officials of the new Metropolitan Housing Authority March 29 at 7:30 p. m. in the caucus room to discuss steps for obtaining low-cost housing for East Liverpool. The date had been set

earlier by the housing authority at a meeting in Lisbon and was relayed to Council in a letter from Willshaw.

**THE STREET** committee was given a letter from the Pleasant Heights Parent - Teacher Association asking widening of the sidewalks along Lisbon St., Pleasant Heights, as an aid to children walking to and from school.

The claims committee was given a claim against the city by Dohrman Treadway at Post Office Box 358, who said the paint on his auto was chipped by cinders from a city ashing truck Jan. 27 while parked on Ambrose Ave. He did not specify the amount of the claim.

President Ernest Lowe asked when Council will be ready to consider legislation granting longevity pay to some salaried workers on the city payroll. Longevity pay was granted earlier to members of the police and fire departments and hourly-rated workers.

Councilman Norman Bucher, chairman of the ordinance committee, said work is going forward on the legislation. Solicitor Joseph Cooper said he will present the measure as soon as Council advises him of the provisions to be included.

Reporting for the claims committee, Councilman James Lowe said it rejected a bill against the city from John Blankenship of MC 22, who said his auto was damaged by a hole in a street.

On a motion by James Lowe, Council went on record supporting the Kent State Academic Center "as it now stands in East Liverpool."

Councilman Frank Duffy asked why signs banning left turns have not been erected at the intersection of Walnut and E. 5th Sts. He said the change in regulations was approved several weeks ago by Council but the signs have not been erected. Councilman Floyd Murray was excused from last night's meeting.

Group From Midland  
Visits In Pittsburgh

Sons of members of Midland American Legion Post 481 attended the Ice Follies at the Civic Arena in Pittsburgh Sunday, making the trip by chartered bus.

The 19 were accompanied by five mothers and Mark Pike, adviser.

Officers of the Sons of the Legion are Harry Barr, commander; Robert Swinkler, adjutant, and Lester Barr and Steven Papuzak, sergeants-at-arms.

The group will meet again April 2 at 7 p. m. in the post room. Barr will preside.

\$11,119 Set  
In Equipment  
At Snack Bar

New equipment costing \$11,119 will be installed in the snack bar operated by the Women's Auxiliary of City Hospital, it was announced Monday during an executive board meeting in the Metsch - Harker Nurses' Home.

The Auxiliary and the Board of Trustees each will share half the cost, Mrs. Louis Tobin, Auxiliary president, reported.

In addition, the Board of Trustees will pay for the plumbing, electrical work and installation costs, she said.

The new equipment includes a counter, stove, small sink, ice cream freezer, refrigerated dessert case, grill, toaster, milkshake machine, warming oven, dishwasher, garbage disposal, double door refrigerator and storage units.

The snack bar will be closed in about six weeks for enlargement and installation of the equipment, Mrs. Tobin said. Volunteer workers will be requested to attend a short refresher course in snack bar operations before the reopening.

Mrs. Malcolm Thompson, assistant treasurer, reported that Mrs. Howard P. Bomberger Jr., Miss Amelia Vorndran, Mrs. Robert Birbeck and Miss Mable Neiser have accepted membership in the Auxiliary.

Seventeen attended the meeting.

Wellsville Will Hold  
Immunization Clinic

A pre-school immunization clinic will be held Thursday from 9 to 11 a. m. at Wellsville MacDonald School.

Dr. Janis Lauva will be in charge. Diphtheria, whooping cough, tetanus, smallpox and polio immunizations will be administered, according to Mrs. Jean Tipton, city school nurse.

The clinic is provided each year by the Wellsville Board of Health.

Falls Injure  
Area Women

A city woman and a Salineville woman hurt in falls at home were admitted to City Hospital, where five other area residents injured in separate mishaps were treated Monday.

Mrs. Bessie Johnston of 203 Union St. was taken to the hospital by ambulance late last night with a possible hip injury received in a fall at home. She was in "fair" condition today.

Mrs. Charles Sweeney of Salineville, hurt in a fall down steps at home, was in "fair" condition with bruises and lacerations of the forehead.

William Kress of 1024 Bradshaw Ave. was treated early yesterday afternoon for bruises of the neck and left knee received in a fall.

While running down a hill, Gary Hanlon, son of George Hanlon of LaCroft, suffered a sprained right ankle.

Ernest Keyser of Midland, an employee of the Hall China Co., received a cut finger on a sagger while at work.

Jacob Randallson of Bergholz, an employee of the Paisley Grocery store at Irondale, was treated for lacerations of fingers received on a knife at work.

Chris Fabbro, 4, son of Rudy Fabbro of Grant St., Newell, suffered a cut on the forehead on a sliding board.

Youth Free On Bond  
On Charge Of Murder

WASHINGTON, Pa. (AP) — A 16-year-old Canonsburg youth was free on \$5,000 bond today pending further action on a murder charge in the death of his father.

State police filed the charge Monday against Gregory Martin Martin's father, Joseph, 38, was shot Saturday outside the family's home with a .22 caliber rifle following a quarrel, police said.

Authorities said the boy's mother, Mrs. Jean Martin, 38, told them her husband threatened to kill her and her three children.

Pittsburgh's Mayor  
Plans Crime Patrols

PITTSBURGH (AP) — Plans for special crime prevention patrols and a 20 per cent increase in the police fleet were

announced Monday by Mayor Joseph M. Barr.

The reason for the plan, according to the mayor, is that "although Pittsburgh's basic crime rate stands well in relation to similar cities, we are concerned about staying ahead

and achieving a downward reversal in the rising crime trend."

The added cars will be used for "intensive patrols" in high crime areas and for effective supervision by officials, the mayor said.

# Ann Landers

ANSWERS YOUR PROBLEMS

Dear Ann Landers: I'm a 16-year-old girl who baby-sits for people who live two blocks away. I love the lady and the children and I have a steady job with them every Friday and Saturday night, which means they pay me whether I sit or not.

The man of the house gives me the creeps. He always walks me home (good exercise, he says) and lately he has been acting pretty fresh.

Last night he put his arm around me and said, "Baby, it's cold outside. Let's snuggle."

I'm not afraid of the guy because I'm bigger than he is and if he ever got real smart I would haul off and crack him in the mouth. But I do need a couple of Ann Landers type sentences to let him know I want him to act his age. — FEARLESS FRANCES.

Dear Fearless: Try this: "If you don't keep your hands off me, I'll ask your wife to walk me home and she'll know why." If this doesn't do it, Frances, go ahead and crack him in the mouth.

## Self Praise

Dear Ann: I'm a 30-year-old man, handsome enough to be frequently asked for my autograph. (People think I'm Dean Martin.)

I have traveled extensively, am a sharp dresser, well read and a good conversationalist. I play the guitar, was a part-time ski instructor and have some tennis trophies. Because I have spent so much time pursuing cultural interests and sports, I do not have much money. In fact, I owe about \$3,500.

I've had enough of bachelor life and want to get married. My financial problems are such that I could not possibly consider a woman unless she had a very good job or family money.

The women I know who have family money are so stupid they bore me to death, or they are so homely I can't look at them. I realize I must make some sort of compromise and I'd like your counsel.

I'm not putting you on, Ann. I'm dead serious, and I'd appreciate a serious answer. If you like, I will send a picture. Thank you. — R. L. P.

Dear R. L. P.: I have the

picture, Bub. Your situation is hopeless because it out everybody. You can't look at a homely an and I can tell you. I Boy, that a woman brains wouldn't look at you. Lotsa luck.

## Present Day Saint

Dear Ann: My boy friend is one of the sweetest, kindest people who ever drew a breath. He treats me like a queen.

My mother keeps telling me he is such a sloppy dresser I should be ashamed to be seen with him. The reason he doesn't look 100 per cent neat is because he does his own shirts to save his mother work. (There

are six children in the family.) I don't want to hurt his feelings, but my mother insists that I tell him. Should I? — LOVE HIM REGARDLESS.

Dear Love: There are loads of fellows around with nicely ironed shirts, but how many do you know who are sweet and kind and would treat you like a queen? Maybe one of these days you will be doing his laundry and then, of course, he'll look like a collar ad.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a stamped, self-addressed envelope.

## Man In Coma 9 Years As Result Of Accident

ROCHESTER, Minn. (AP) — Kenny Rieken's eyes were open, fluttering unevenly as though bothered by the light.

He lay on a white bed in the Samaritan Nursing Home, his head turned toward his mother. He could not feel her hand on his cheek, nor hear her voice asking, "What's the matter, Sonny?" Nor see her tears.

She has no hope that he will talk to her again, nor even be aware he is still alive.

More than nine years ago a car in which Kenneth Rieken and a teen-age friend were riding smashed down an embankment, hit a parked tractor and utility pole and rolled over.

The friend, though critically hurt, recovered.

Kenneth has never regained his senses. In the nursing home where he has aged to manhood he is given nourishment through a feeding tube every three hours. He was in a Rochester hospital for two years.

He is 27 now, an age at which he had once hoped to be coaching a high school football or basketball team. Because his heart is still strong, he may live for years more. But doctors say he will never recover consciousness. Damage to the brain spinal and nerve systems was permanent. He has only occasional muscle spasms now.

He had been captain of the Grand Meadow, Minn., High School football and basketball

teams. He worked in spare hours at various jobs to help the family.

His 47-year-old, brown-haired mother lost her husband, William Rieken, to leukemia and a heart attack a year ago. She was left with her daughters Debra, 10; Sharon, 16, and Kenny. A third daughter, Judith, 19, is married.

The \$45,000 insurance payment which the family received for Kenneth is gone. The family lived on Social Security and Mrs. Rieken's wages from a Rochester manufacturing plant. She has not worked since February.

"Sometimes I dread going to see sonny," she said. "It tortures me to see him that way. Sometimes I think whether it wouldn't be better if he stopped living. But I could never want that. Just to be able to touch him is enough for me."

## Ohioan Re-Elected

WASHINGTON (AP) — The National Housing Conference's directors have re-elected Bleecker Marquette of Cincinnati, Ohio, honorary vice president.

## Church Figure Dies

NEW YORK (AP) — Canon John Huess, 57, rector of Trinity Episcopal Church, died Monday of a heart ailment. He had been rector of the church, long a Wall Street landmark, for 14 years.

## Cohen Wins \$110,000 Suit Against U.S.

ATLANTA, Ga. (AP) — Former gambler Mickey Cohen has won a \$110,000 suit against the federal government.

His contention that the government was negligent in supervising the Atlanta Federal Penitentiary inmate who clubbed Cohen with a length of pipe in 1963 was upheld Monday by a U.S. District Court judge.

Cohen, 51, is serving a 15-year term for income tax evasion. U.S. Dist. Judge Sidney O. Smith Jr. made the award.

Legal sources said it apparently was the first case of this type — involving a prisoner assault — in which the government has been found negligent and damages assessed.

The lawsuit was filed under a 1963 Supreme Court decision making it possible for a prisoner inmate to sue the government under the Tort Claims Act. But the controlling case itself, reversed by the tribunal, has not been finally decided.

Cohen, who is eligible for pa-

role this summer, had sought \$10 million from the government, charging that he suffered paralysis of the left side, a skull fracture and brain damage.

The judge, who heard testimony without a jury Jan. 31 and Feb. 1, ruled that the penitentiary was negligent in its supervision of Berl Estes McDonald, the inmate who attacked Cohen the night of Aug. 14, 1963, in the prison electrical shop.

Smith said the prisoner should not have been allowed to escape.

"Having made the proper decision to place McDonald in maximum segregation, the government was bound to take the necessary steps to enforce that decision," Smith said. "In this respect it failed."

## Funeral Services Set

PIQUA, Ohio (AP) — Funeral services are scheduled here Wednesday for Robert M. Hance Sr., 77, former chairman of the Ohio Board of Tax Appeals, who died of a cerebral hemorrhage in Piqua Hospital Sunday. He held a number of political offices here including Miami County treasurer.

## Claim Payments Of \$280 Cleared

Council gave approval Monday night to legislation clearing the way for payment of \$280 in settlement of four claims against the city. The persons who will receive the payments are:

James R. Ferguson of 339 Garfield St., \$20.24 for damage to his auto Feb. 1 when it was hit by a city fire truck while parked in Sutton Alley.

Irene Gibb and Agnes McGewin of 1514 Allison St., \$106.50 for damage to their property between Oct. 11 and Nov. 3 when a city sewer was blocked, causing a line to back up into the basement of their home.

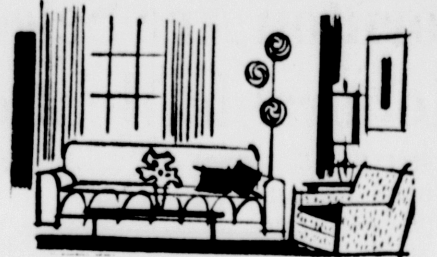

John Melvin of 1200 Jennings Ave., \$117.35 for damage to his property Nov. 30 when a city sewer became clogged.

William Lister of 826 River-view St., \$36.50 for damage to his property that resulted Jan. 13 when tree roots clogged a main sewer line and caused water to back into his basement.

Brigham Young University at Provo, Utah, was named after the man who led the Mormons into Utah.

# Findlay Player Heads All-State Squad

## Smith, Winters, Tigers' Thornton Are Selected Honorable Mention

By HAL PARIS  
AP SPORTS WRITER  
COLUMBUS, Ohio (AP) — Dave Sorenson of Findlay, one of the most sought after scholastic basketball stars in the nation, won honors today as Class AA Player of the year.

The 6-foot-6 Findlay ace heads up the seven players named to The Associated Press AA All-Ohio high school basketball team selected by a statewide committee of sports writers and broadcasters.

East Liverpool placed two players on the All-Ohio honorable mention list and Wellsville added one.

The Potters landed Vern Smith, 6-2 junior and co-captain Chuck Winters, 6-foot senior on the list where they were joined by Wellsville's Harry Thornton.

Sorenson, who averaged 25.4 points in 18 regular season games, holds more than a dozen individual school records and five Buckeye Conference marks. He has had offers from more than 100 schools.

The 17-year-old, 208-pound Sorenson, an honorable mention on last year's squad, also picked off 16.5 rebounds a game and hit 56.4 per cent of his field goal tries.

Joining him on the first unit are Jim Brooks of Akron East; Jody Finney, Springfield South; Garland Stallworth, Cleveland John Adams; Jerry Francis, Columbus West; Jerome Jackson, Canton McKinley and Eddie Jacobs, Wellston. All are seniors.

Not one of the players made it to this weekend's state tournament but three cagers picked for the second team will appear at St. John Arena.

They are Ed Smith of Warren Harding, Joe Cooke of Toledo Libbey and Jim Gottschall of Dayton Chaminade. Joining them are Ed Laase of Martins Ferry and Bruce Burden of Lima Shawnee.

First team:  
Dave Sorenson, Findlay senior 6-6, averaged 25.4 points; Jim Brooks, Akron East senior, 6-8, 23.7; Jody Finney, Springfield South senior, 6-4, 23.0; Garland Stallworth, Cleveland John Adams, senior, 6-5, 15.4; Jerry Francis, Columbus West senior, 6-2, 26.1; Jerome Jackson, Canton McKinley senior, 6-2, 13.9; Chillicothe.

## Lou Holtz Moves To New Grid Job At S. Carolina

Lou Holtz of East Liverpool has taken another step up in the college coaching ranks having accepted an assistant coaching position at the University of South Carolina.

Holtz, 29, was named to the new post earlier this month and will be in charge of pass defense for the Gamecocks according to head coach Marvin Bass.

The ex-Potter and Kent State gridders had served two years at the University of Connecticut before accepting the post at South Carolina.

"We feel we are very fortunate to get someone of his experience and background," Bass said. "We feel he's an expert in pass defense and it was for that reason that we wanted him at South Carolina."

"Lou comes highly recommended to us," Bass said. "Holtz was also considered for the job at Georgia Tech," he added.

Holtz had assisted Rick Fozano at Connecticut and prior to that served at William and Mary where he first came in contact with Bass.

South Carolina is a member of the Atlantic Coast Conference and has an enrollment of over 8,000.

## Chuvalo Shows Cast Of Prominent Support

TORONTO (AP) — Canada's George Chuvalo is surrounding himself with a prominent supporting cast as he prepares for his heavyweight title bout with champion Cassius Clay.

Drew (Bundini) Brown, a former Clay aide, joined the Chuvalo camp Monday and will work with the challenger up to the March 29 date at Maple Leaf Gardens.

Other Chuvalo advisers include manager Irving Ungerman, former champion Joe Louis, trainer Ted McWhorter, Izzy Kline of Chicago, who worked in Ernie Terrell's corner when Terrell beat Chuvalo last November, and veteran cut-man Whitey Binstein of New York.

Brown, who was in Clay's

Eddie Jacobs Wellston senior 6-0 25.8.

Second team:

## Williams Meets Turnbow In 2nd Comeback Fight

HOUSTON, Tex. (AP) — Mel Turnbow of Paterson, N.J., the 225-pounder with an 85-inch reach, tries to thwart Cleveland Williams' second comeback try tonight in one of two scheduled 10-round bouts.

Williams, who knocked out Ben Black of Chicago here last month in his first fight since late 1964, takes a 62-4-1 record and an 83-inch arm span into the fight.

Turnbow has only an 11-3 record but has the distinction of twice knocking down both Floyd Patterson and Cassius Clay in workouts.

Heavyweights Jeff Davis of Houston and Rick Harris of Phoenix, Ariz., will fight in the other 10-round match.

Williams, 33, of Houston, could get a rough going over from his opponent.

Turnbow's sparring partner, Tiger Collins, left for his Boise, Idaho, home Sunday, claiming Turnbow was just too much for him.

## Golfers To Have Additional Prize Money Next Year

LONDON (AP) — American pro golfers will have more money to shoot for next year.

Two British tournaments will be added to the pro swing with Americans who qualify, eligible to play.

The Alcan Golfer of the Year Championship will be open to 12 American and five British pros with a top prize of \$55,000.

Another tourney, played at the same time, will match 50 British golfers and five other invited pros.

The Americans must qualify in four 1967 tournaments — the Colonial National Invitation at Fort Worth, Tex., the Western Open at Chicago, the Cleveland Open and the Philadelphia Golf Classic. Players will be determined on their three best scores in the four tourneys.

In San Francisco during 1965 the Giants beat the Houston Astros eight times in nine games.

## Investigation Is Asked Of PIAA After Protest

HARRISBURG (AP) — The disputed Williamsport - Plymouth High School basketball playoff game had some repercussions in the House Monday.

Two Luzerne County Democrats called for a special investigation of the manner in which high school sports are administered by the Pennsylvania Interscholastic Athletic Association.

Both Reps. William B. Curwood and Stanley A. Mehlichick said their separate resolutions proposing an inquiry by a five-member committee was prompted by the PIAA's denial of a Plymouth protest without the benefit of a hearing.

Plymouth was leading Williamsport by one point in the waning seconds of last week's contest when Plymouth was charged with a technical foul for having six men on the court.

Williamsport converted to tie the game and went on to win in two overtime periods.

The Plymouth protest was dismissed by the PIAA on the ground that a judgment call by the game officials could not be over-ruled.

Mehlichick's resolution would have the committee concentrate on how the PIAA handles "protested games without a hearing," Curwood's resolution calls

for the committee to look specifically into the Plymouth Williamsport hassle.

Both proposals were referred to committee.

Williamsport was eliminated from the Class A playoffs last Saturday by undefeated Reading in its first test following the contested win over Plymouth.

## Birdie Sees Tribe Record Line Of Zeros

PALM SPRINGS, Calif. (AP) — Birdie Tebbetts has been seeing spots lately. It has nothing to do with his eyesight, but with the long rows of zeroes on the scoreboard.

Before Monday's game with the California Angels, Tebbetts said "I've got to find way to score some runs." The Angels found a way to score one run, which was all they needed in a 1-0 victory over the Cleveland Indians.

The Indians, with six losses in 10 games during the Cactus League exhibition schedule, collected three hits off Dean Chance who allowed only one runner as far as second base.

Aubrey Gatewood and Dick Egan combined to blank the Indians for the last three innings.

The Angels scored in the fifth inning on a wild pitch. Jack Warner popped a double to short right, moved up on Bob Rodgers' fly ball and scored on Gary Bell's wild pitch.

Bell gave up four hits in six innings and struck out seven. Tom Kelley followed and allowed only one of the seven batters he faced to reach first. It was a base on balls.

## Maloney Reports, To Get \$42,000

By HAL BOCK  
Associated Press Sports Writer

It was the first day of spring so Jim Maloney ended the winter of his discontent, and Whitey Ford, Bill Monbouquette and Dean Chance served notice that it could be a long, hot summer for American League hitters.

Maloney had been spending spring training at Fresno, Calif., which was fine except that the Cincinnati Reds train in Tampa, Fla. He argued that his 20-9 record and two no-hitters last season were worth a \$50,000 contract in 1966.

Cincinnati's assistant general manager, Phil Seghi, who had been saying \$40,000 yes, \$50,000 no, flew to Fresno Monday after weeks of telephone bargaining. He talked for about three hours and finally emerged with Maloney's signature on a \$46,000 pact.

While Seghi and Maloney were negotiating, Ford, Monbouquette and Chance were pitching and doing quite a job of it.

Ford, the 37-year-old dean of the New York Yankees' pitching corps, worked six innings and allowed just two hits as New York blanked the Los Angeles Dodgers 3-0.

Monbouquette, who was traded to Detroit after eight seasons with Boston, worked seven shut-out innings as the Tigers rocked Baltimore 7-0.

Chance, hoping to bounce back after a so-so 15-10 record last season, hurled three-hit ball for six innings in California's 1-0 victory over Cleveland.

Elsewhere Monday, Minnesota ripped Kansas City 10-1, the Chicago White Sox whacked Boston 10-4, St. Louis downed Pittsburgh 6-3, Cincinnati shaded Houston 5-4, the Chicago Cubs defeated San Francisco 4-2 and the New York Mets ripped Atlanta 7-2. Cincinnati's B squad dropped a 2-1 decision in 11 innings at Mexico City.

Ford allowed the only Dodgers hits — singles by Lou Johnson in the second and Jeff Torborg in the fifth. The veteran left-hander now has a string of 10 consecutive scoreless innings.

Pete Ramos and rookie Doolley Womack worked the last three innings and Lou Clinton homered for the Yankees. Maury Wills, who signed his contract five days ago, made his first start at shortstop for the Dodgers. He was hitless in three at bats and walked once.

Monbouquette, 10-18 with the Red Sox last year, combined with Orlando Pena to blank the Orioles while Detroit pounded Wally Bunker and Frank Bernat for 12 hits. Shortstop Dick McAuliffe led the attack with a triple, double and two singles.

Chance struck out five and walked one in his six-inning stint against the Indians. The Angels scored the game's only run in the fifth inning when Jackie Warner doubled and came around on an infield out and a wild pitch.

He can qualify as a candidate any time before the Democratic primary ticket closes at noon April 27.

Rockefeller, reached at Pine Mountain, Ga., where he is attending a conference with other candidates, said he was a reluctant candidate the last two times out. He re-entered the 1962 race, he said, because he wasn't satisfied with the Democratic primary field. He said he ran in 1964 because he had other candidates to choose from.

Today In History

By The Associated Press  
Today is Tuesday, March 22, the 81st day of 1966. There are 284 days left in the year.  
Today's highlight in history: On this date in 1765, the British Stamp Act was passed to raise revenue in the American colonies. Public sentiment and mob violence prevented its enforcement.  
On this date in 1794, Congress passed a law prohibiting United States from carrying slaves to other countries.  
In 1790, Thomas Jefferson became America's first secretary of state.  
In 1933, President Franklin Roosevelt signed a bill legalizing the sale of 3.2 beer—it was

a preliminary to the complete repeal of prohibition.  
In 1944, United States heavy bombers attacked Berlin.  
In 1946, Germans rioted in Hamburg to obtain more food.  
Ten years ago — Dr. Martin Luther King was convicted in Montgomery, Ala., of leading an illegal boycott against the city's bus lines.  
Five years ago — In a special message to Congress, President John F. Kennedy called for a fresh approach to American foreign aid, shifting from short-term to long-term goals.  
One year ago — Reports that the United States had supplied a nonlethal gas for use by South Vietnamese forces against the Viet Cong were confirmed by an American spokesman.

Junior Editors Quiz on  
Sewing Machine

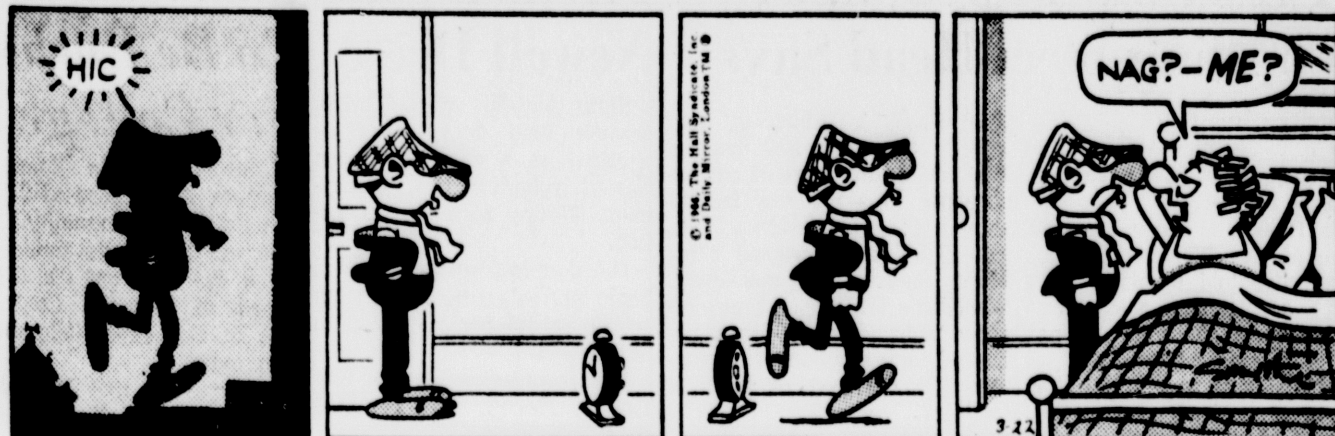

QUESTION: How did the first sewing machine come to be invented?

ANSWER: A crude sewing machine was made in England in 1790, another in France, in 1830. But neither of these turned out to be practical. The first machine that really worked was built by a poor American machinist, Elias Howe, and was patented in 1845. Our picture suggests the romantic origin of this great invention. Howe was an industrious man, although in poor health. Luck seemed against him. He had great difficulty supporting his wife and three children. To help her husband, Mrs. Howe took in sewing; and it was while watching his wife work in the evening that Howe was seized with the idea of inventing a machine to make sewing easier. Working it out in his mind, he set up a machine shop in the attic and began to build a model. Helacked money to buy materials, but a friend came to his help. The two produced a machine. Although Howe proved his machine would work, no one seemed interested. Then other began to pirate Howe's ideas. But he had secured the basic patents and defeated their efforts to become a rich and successful man. Another inventor, Isaac M. Singer, created the first rigid-arm sewing machine and improved the shuttle. He also made a large fortune.

FOR YOU TO DO: Many inventions have been made by people who saw needs and filled them. Keep your eye open for some need which might be filled. You may not turn out to be an Elias Howe—but then again, who knows?

## 'A Horrible Two Months,' Wheeling Steel Head Says

PITTSBURGH (Special) — Operating results for the first two months of 1966 have been "absolutely horrible."

So Robert M. Morris, president of the Wheeling Steel Corp., has told employees in a letter, according to a story carried in the Wall Street Journal. Morris said: "With our order backlog at an all-time high, output of finished steel in February was at the lowest point in several years. In addition to start-up problems with new facilities, we have been plagued with stoppages, slowdowns and other limitations on output."

The executive noted a recent interview in which he forecast the company would show a profit in the second quarter and for the full year. "However, you must realize that unless there is rapid and drastic change, the substantial operating losses of the first quarter will continue through the second quarter and forward," he told employees, adding: "The longer such losses continue, of course, the tougher it will be to show a profit for the year 1966."

Morris previously had predicted a "substantial loss" in the first three months, but had forecast subsequent profits, based on prospects for record sales this year and evidence the coming problems.

In 1965, Wheeling had a loss of \$4,647,000 on sales of \$269,968,000.

Morris also disclosed in an interview that George S. Arneson, vice president, marketing, resigned March 11 as part of a "continued shakeup" on top management. No successor has been named.

Another official, William Holman, assistant vice president, has been relieved of his duties as the top manufacturing executive, but remains with the company, Morris said. Holman had been in charge of manufacturing since the resignation last September of William Smith, vice president, manufacturing.

Arneson joined Wheeling from H. K. Porter Co. in February 1965 as part of the new management team under Chairman Norton Simon. Smith was part of that same new team, coming to Wheeling November 1964 from Jones & Laughlin Steel Corp.

"I'm now looking for an operating man, a financial man and a marketing man, all at the vice-presidential level," Morris noted.

Morris, who joined the company as president last year as part of the shakeup of Wheeling engineered by Simon and

Hunt Foods & Industries, Inc., added: "We are still hopeful 1966 will be the start of our resurgence to a place of leadership in the steel industry." He said three factors should help: More aggressive marketing, Wheeling's price - at - time - of - order policy "which has enhanced our position with customers," and new steelmaking facilities.

## Man Bound Over For Assault And Morals Charges

Keith Downard of 227 E. 2nd St. was bound over to the Grand Jury today by Municipal Judge Samuel M. Chertoff on charges of assault and battery and a morals offense against a Newell woman on March 13.

Mrs. LaVada Frances Riden of Harrison St., Newell, filed the assault and battery charges, alleging that Downard beat her in his trailer home. The morals charge, alleging unlawful cohabitation against nature, was signed by Lt. William E. McDaniel.

Downard entered not guilty pleas in both cases through his counsel, W. S. Foulks. In holding him to the Grand Jury, Judge Chertoff continued a \$1,000 bond in the morals charge and a \$500 bond in the assault and battery case.

Mrs. Riden testified she met Downard in a downtown tavern about 2 a. m. and voluntarily accompanied him to his mobile home for a drink. She said she remained until about 6. Displaying two black eyes on the witness stand, she said she was treated at the City Hospital emergency room as a result of the incident at the trailer.

## Sunrise Service Set By Frankfort Grange

Plans for a sunrise service Easter morning at the hall are being made by members of Frankfort Springs Grange 1989.

At the last meeting, Mr. and Mrs. Henry Smith, state deputy and junior deputy, respectively, were guests.

It was reported that curtain-making and cookie projects for the Youth Forestry Camp have been completed.

Mrs. R. P. McMillan presided.

Beer production in the United States in 1965 totaled some 107-million barrels of 31 gallons each. This represented the output of 134 companies with 198 breweries.

## Firemen Plan Newell Drive

Plans for the annual maintenance fund drive were announced at a meeting of the Newell volunteer fire department Monday night at the station.

The door-to-door canvass will begin April 4, with a minimum amount of \$5 per residence to be requested.

A new member, James Ray Tice of Newell, was accepted on a trial basis.

A report was submitted on a run made Sunday afternoon to the McGuire residence in Congo, where an overheated oven was blamed for a fire. The firemen extinguished the blaze before damage resulted.

Letters were received from the Hancock County Board of Education and the Chester volunteer fire department expressing thanks for assistance in battling the recent blaze at the abandoned Central School in Chester.

Hillmay May presided. The board of trustees will meet April 4.

## Children's Home Will Send Three To April Event

Approval was granted three children to attend a "King and Queen for a Day" affair in Charleston April 22 and 23 during the meeting of the Hancock County Children's Home Board Monday night at the home, on Gas Valley Rd., near Pughtown.

The statewide project is being jointly sponsored by the American Legion, Veterans of Foreign Wars and 40 & 8 Society. Omar Harman, manager of the farm adjacent to the home, was granted permission to purchase 32 tons of lime for the confield.

Following the adjournment of the meeting, Oliver Johnson, county extension agent, met informally with board members to discuss possible improvements of the farm.

He agreed to meet with the board at the next regular meeting to make recommendations.

Board members attending last night's meeting were Arnold Anderson, Ernest John, William Graham, Dick Wright, Charles Miller and James Finley, chairman.

LaCroft Man Injured  
When Hit By Tire Rim

Raymond McClure, 23, of 5th Ave., LaCroft, was in "fair" condition today at City Hospital with head injuries suffered when struck by a tire rim this morning.

McClure was changing the truck tire at a garage on the Wells Hollow Rd. when the rim flew off and hit his head, causing a severe laceration and possible skull injury.

Two Are Fined

NEW CUMBERLAND — Two 19-year-old New Cumberland youths were fined by Squire John D. Herron in hearings here Monday after being charged with speeding by Hancock County sheriff's deputies. The two are James P. Newbrough, fined \$25 and costs, and James R. Patterson, \$35 and costs.

## Charter Plan To Be Pushed For College

LISBON — The Board of Trustees of the proposed Columbiana County Community College will pursue its application for a charter from the Ohio Board of Regents, Chairman Don R. Gosney of Columbiana said today.

The trustees met Monday night at their office in the Farmers National Bank building here to review the charter request presentation last Friday to the regents at Columbus.

Dr. Richard Whalen, director of educational planning for the trustees, and trustee Paul Brittain of East Palestine and Probate Judge Louis Tobin of East Liverpool, will go to Columbus this week to discuss revision of the community college plan. "We will do everything they ask so the plan is perfect," Gosney said.

Brittain said the trustees have received pledges of \$10,000 in cash, plus another estimated \$10,000 from the Lisbon Area Chamber of Commerce to prepare the old Lincoln School in Lisbon as a temporary classroom center. Brittain said individuals or organizations may make donations to the Board of Trustees at the office in Lisbon.

## Masonic Inspection Held At Wellsville

John Simon of Warren, grand deputy of District 24 of the Grand Lodge of Ohio, was inspecting officer for Wellsville Chapter 55 of Royal Arch Masons in the Masonic Temple.

Floyd W. Richards, right worshipful master, conducted the meeting when the past master's degree was given. The allegory work was performed by members of the East Liverpool chapter, with Hollis Logue high priest.

Among the guests were Eric Nieburg of Salem, grand guard; Harold Clark of Toronto, grand deputy of District 15; 29 members from the Toronto chapter, and members from Cleveland, Warren and Youngstown. Seventy-eight attended.

Refreshments were served by Mrs. Mabel Richards, Mrs. Marguerite Wilson and Mrs. Thelma Miller.

## Voter Signup Pushed After 13 More Enroll

The County Election Board moved ahead today with a drive to enroll East Liverpool voters for the May 3 primaries after 13 registered Monday in office hours that extended continually from 9 a. m. until 9 p. m.

The same 12-hour schedule will be maintained today and Wednesday. The deadline for voter enrollment is Wednesday at 9 p. m. Eighty-two voters have been added to the rolls since Jan. 1 and 36 more recorded transfers — changes of address.

Neighborhood registration centers are operating today only at the Pleasant Heights School, North Side Fire Station and at Louis-James Store on Mulberry St. They functioned from 10 a. m. to 2 p. m. and will be open again from 4 to 9 p. m.

## Clues Sought In Palestine

EAST PALESTINE — Police continued today to investigate a \$3,500 theft of clothing from the Charles Atkinson men's store at 133 N. Market St. early Monday.

Thieves broke through two doors at the rear of the building in their successful removal of some 25 suits, 30 pairs of shoes, 40 sweaters and an undetermined amount of sports shirts.

Atkinson of W. North Ave. estimated his loss at between \$3,000 and \$3,500.

The intruders jimmied an outer door at the rear of the store, then broke out the bottom of a second door which Atkinson kept barricaded with timbers and knocked the timbers loose.

The theft took place sometime between 3 and 6 p. m., police said.

## Calcutta Firemen Receive Chassis For New Tanker

The chassis for the new 1,000-gallon tanker was displayed by Calcutta firemen during their meeting Monday night.

Upon receipt of a "power take-off," firemen will transport the chassis to the tank manufacturer for installation of the 1,000-gallon tank and other equipment.

The new truck is an International Load Star and when completed will cost \$10,000.

The fire school was continued last night at the lake behind the Pottery Lumber Co., with Chief Robert Lewis of Wellsville instructor.

Tonight's classes will be on drafting of water, pressure and capacity pumping.

Fourteen attended the school, with a new session scheduled next Monday at 6 p. m.

## Palestine OK's Fund Appropriation For '66

EAST PALESTINE — Council approved a \$800,000 appropriation for 1966 Monday night, an increase of some \$30,000 over the 1965 appropriation due largely to increased expenditures for equipment and other items.

Council also approved a \$100 clothing allowance for Fire Chief Frederick and loaned the police pension fund \$5,000 to be repaid by county and state funds.

## Van Horn, Rabbi Hoffman Speak During Taft Meeting

Talks were given by Dr. George Van Horn, professor of education at Geneva College, and Rabbi Sydney Hoffman of Beth Shalom Congregation during Monday night's meeting of the Taft Home and School Association.

William Blair, president, introduced Van Horn, who discussed "The Influence of Supreme Court Decisions on American Education."

Rabbi Hoffman stressed the religious values of education in his remarks. A room visitation preceded the meeting.

Mrs. John Thompson was program chairman. Reports were heard from Mrs. Thelma Kerr, treasurer, and Mrs. Louise Lencse, secretary. A letter from the Child Counseling Center was read thanking the group for their recent donation.

A sum was voted for the

sixth-grade party in June under the direction of Mrs. Virginia Futley.

A committee was named to present nominations for next year's officers. Mrs. George Ward is chairman, assisted by Mrs. Jack Ludwig and Mrs. Blair.

Mrs. Margaret Thompson's second grade won the attendance award.

The next meeting will be May 9 at 7:30 p. m. following room visitation. A program will be presented by the school choir, directed by Mrs. Marwyn Seray.

If you take a minute to check our list of winning vehicle identification numbers, you may know how it feels this week.

The contest is in its last week. So hurry. Here's how it works. Look at the first symbols (the prefix) on your vehicle identification slip. Then look at the symbols listed above. If you find yours on the list, you've taken the first step toward being a winner. Now go see your Buick dealer. He has a list of 72 winners posted in his showroom. If you see your entire vehicle identification number on the poster—the symbols plus the rest of the numbers—\$2332 cash is yours. (If your prefix isn't listed in this ad, don't give up. Your numbers may have been posted during the past six weeks. Every week 72 winners were posted on the showroom wall. You may have missed

your number before.) No slogan to invent, no puzzles to solve. In fact, you don't even have to own a Buick to have a winning number.

Contest Rules: Residents of Kansas, Missouri and Nebraska may, if they prefer, send in a postcard to R. L. Polk and Co., P.O. Box 1347, Detroit, Michigan 48231 and receive the weekly list of winning numbers by mail for comparison with their own vehicle identification number. An official entry form will be included. Sweepstakes limited to persons over 21 living in the continental U.S. Not valid in Florida or states where prohibited by law.

Hurry. Buick's \$1,000,000 Sweepstakes is in its last week.

There's an authorized Buick dealer near you. See his Double-Checked used cars, too.
